SECRET

25X1
25X1 6. [redacted] Messrs. [redacted] met with Miss Barbara Wells, House Post Office and Civil Service Committee staff, and arranged through her for the purchase of a copy of the transcripts of the Committee hearings on S. 1035. Delivery of the copy of the transcripts will be made to the Committee office where it can be picked up on the morning following each day of testimony. Billing will be made on Government voucher addressed to the Central Intelligence Agency
25X1 for the attention of [redacted] Miss Wells' point of contact in the
STAT Ace Reporting Company was a [redacted]

25X1 7. [redacted] After the Post Office and Civil Service Committee hearings on S. 1035 started, I met with Mr. Charles Johnson, Staff Director, who is not personally engaging in the conduct of the hearing. Mr. Johnson advised that in his opinion, the meeting the other afternoon between the Chairman and Messrs. Maury and Warner was very beneficial. He also noted that he was personally relieved, in meeting with the Chairman later, to find that the information provided them by the Chairman had been the highlights of the hearing procedure the Chairman intended to follow and not the substance of the Chairman's attitude toward the bill and the Agency needs. Mr. Johnson indicated further that he thinks matters are now on the right track.

25X1 8. [redacted] Met with Mr. J. R. Blandford, House Armed Services Committee staff, and advised him that we had received an unconfirmed report from the Far East concerning the captain of the USS Pueblo. Mr. Blandford was most appreciative and asked that he be kept advised for the Chairman. With regard to the Henderson letter, it is Mr. Blandford's feeling that the Chairman will sign and send the revised version which will have to await redrafting by Mr. Kelleher, who will be pretty much tied up during the day with hearings and meetings with the Chairman. Mr. Blandford set 9:00 a.m. Friday for the requested briefing by Agency representatives on Soviet STOL aircraft, Soviet aircraft operations, and the Foxbat aircraft.
